🪪 Profile

I'm a motivated Backend Developer skilled in creating efficient server-side solutions, database integration, event-driven architecture, developing RESTful APIs, and collaborating with frontend teams. I'm committed to writing clean code and eager to contribute to a dynamic team.

💼 Professional Experience

The Curve Africa, Backend Development
Aug 2023 – Mar 2024 | Lagos, Nigeria

• Completed intensive backend development training program, specializing in Node Js, Express Js, MongoDb and MySQL.
• Collaborated with cross-functional team to troubleshoot and debug backend projects, enhancing software functionality.
• Participated in code reviews to ensure adherence to coding standards and best practices, resulting in improved code quality and maintainability

Speshinfluencer, Graphics Designer (Remote)
Jan 2022 – Feb 2023 | Lagos, Nigeria

• Studied design briefs and determine requirements.
• Schedule projects and define budget constraints.
• Conceptualize visuals based on requirement.
• Develop illustrations, logos and other designs using software.
• Use the appropriate colors and layouts for each graphic.
• Amend designs after feedback.
• Ensure final graphics and layouts are visually appealing and on-brand.

🎓 Education

Bachelor of Science (B.Sc) in Statistics, Federal University of Agriculture Abeokuta
Aug 2015 – Jan 2021 | Abeokuta, Nigeria

• Achieved B.Sc in Statistics with honors
• Demonstrated strong analytical and problem-solving skills
• Applied statistical methods to real-world data sets
• Produced actionable insights through data analysis
